SUBJECT: Focal Point for Foreign Deception Activities (S)

1. (S) In view of the increased emphasis being given within the U.S. intelligence community to the foreign deception problem and because of the sensitivity of the materials involved, I believe it would be helpful to have a clearly defined focal point in DIA for foreign deception activities that affect this Agency.
2. (S) A foreign deception element has been established in the Operational Intelligence Division (DI-2), Directorate for Intelligence. It has been so located because of the proximity to current intelligence desk analysts and accessibility to the daily flow of incoming traffic.
3. (S) Mr. Herman M. Harris, DI-2A2, ext. 76039, is designated as a focal point on all foreign deception matters that require DIA attention or support. Addressees concerned with deception-related activities involving or affecting the Defense Intelligence Agency may contact Mr. Harris directly.
